

# Code of Conduct for PIVX Ambassadors

## Purpose and Role of Ambassadors

This Code of Conduct serves as a guiding framework for communication within the PIVX community across all platforms. It aims to ensure respectful interactions, protect members from personal attacks and abusive language, and foster a safe and friendly environment conducive to community growth. As PIVX Ambassadors, you serve as a forward-facing outreach team that represents the PIVX brand. Your behavior and interactions reflect not only your commitment to the PIVX community but also the integrity and values of the brand itself. Adherence to the PIVX Brand Guidelines is expected at all times, including maintaining a professional demeanor, using respectful language, and accurately representing PIVX's mission and values in communications.

## Freedom of Speech

While we uphold the principle of free speech, we ask all members to engage in constructive and respectful dialogue. Avoid personal attacks, foul language, and name-calling, as these behaviors hinder productive conversation. Freedom of speech carries limitations to protect individuals from hate speech, violence, and defamation. Our guidelines aim to strike a balance between open expression and safeguarding the community from harm.

## Moderation

We actively enforce this Code of Conduct to maintain a positive atmosphere. Moderators will address violations, including personal attacks, foul language, hate speech, and disruptive behavior. Consequences for violations may range from warnings to suspensions or removal from the community, depending on the severity of the offense. Our goal is to protect free expression while ensuring a constructive space for all members.

## Living Document

The Code of Conduct is a dynamic document that will evolve over time. Community members are encouraged to suggest revisions and initiate discussions in Discord to enhance these guidelines.

## Summary

Promoting respectful conversation and minimizing offensive language is essential for fostering inclusive dialogue within the PIVX community. This Code of Conduct is not a

restriction of free speech but a commitment to nurturing a collaborative environment where all members can engage openly and positively.

By adhering to this Code of Conduct, we collectively contribute to a thriving PIVX community that values respect, inclusion, and constructive discourse.
